List of Revisions

Перечень изменений

Revision No	Revision Date	Reason for Change
0	15.02.2017	Initial
1	15.11.2018	Addition of similar components P/N's Coffee makers and Infant- small child life jacket in to C6 component rating.
2	06.09.2019	Changes in company name and logo.
3	19.03.2020	Addition of similar components P/N's in to already approve C Ratings within existing ATA chapter capability as defined in MOE Section 1.9. Clarification the existing P/N's in connection to the CMM detailisation, depend on Customer WO's.
4	20.04.2020	Addition of similar components P/N's in to already approve C Ratings within existing ATA chapter capability as defined in MOE Section 1.9.
5	22.05.2020	Addition of similar components P/N's in to already approve C Ratings within existing ATA chapter capability as defined in MOE Section 1.9.
6	23.07.2020	Addition of similar components P/N's in to already approve C3, C6 and C15 Ratings within existing ATA chapter capability as defined in MOE Section 1.9.
7	18.11.2020	Addition of similar components P/N's in to already approve C6 Rating within existing ATA chapter capability as defined in MOE Section 1.9.
8	03.03.2021	Addition of similar components P/N's in to already approve C6, C15 and C18 Ratings within existing ATA chapter capability as defined in MOE Section 1.9.
